Office Action Summary

Art Unit: 1745

DETAILED ACTION

Election/Restriction

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-47, drawn to a first battery pack, classified in class 429, subclass 99.
 - II. Claims 48-65, drawn to a second battery pack, classified in class 429, subclass 178.
2. The inventions are distinct, each from the other because of the following reasons:
the battery pack of Group II requires dual non-coplanar floors in the housing, which features are not part of the Group I battery pack.
3. Because the inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification and recognized divergent subject matter, restriction for examination purposes is deemed proper.
4. A telephone call was made to Adan Ayala on December 14, 2000 to request an oral election to the above restriction requirement, but did not result in an election being made.
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John S. Maples whose telephone number is (703) 308-
